RE: DISPUTE ON COMMUTER ALLOWANCE

As you may be aware, this dispute has been in the Industrial Court for sometimes now. We confirm that the matter was brought to court for hearing today (26th June 2009) before Justice James Rika and both parties were heard and ruling will be given by notice.

We take this opportunity to thank all of you who have given us support during this trying moment. We urge that you continue giving the same support as we await courts ruling.

God bless you all.
