Dear Brothers & Sisters,

RE: DISSEMINATION OF INFORMATION.

As a union dealing in Communication, we find it is necessary that we communicate with our members effectively on our day to day activities. It is with this reason that we created the union's website.

We must confess that the website is not well designed and lacking some important information which we are in the process of updating. In the meantime we will be placing and sharing information with you on this site and we urge you to visit it frequently. The website address is www.africaefuture.org/cowu/

Yours faithfully,

BENSON O.OKWARO
GENERAL SECRETARY.
